

What is Scrip?

Scrip fundraising harnesses the everyday purchasing power of gift cards to raise funds. Here's how it works: families buy gift cards at face value through their organization. Behind the scenes, the organization has purchased these cards at a discount from participating retailers, earning anywhere from 2% to 13% of the card's value as profit.

These gift cards can be used for everyday expenses such as groceries, gas, or dining out. The result? Families spend money as they normally would, while the organization earns funds without asking supporters to buy products or services they don't need.

Also, you can designate where the money is sent. i.e. St. Peter CCD, St. Peter Confirmation, St. Peter Church, All Saints Catholic School, St. Joe's Academy, or your own choice.

Gift cards are available for purchase after every Mass at St. Peter. Payment is cash or check (made out to St. Peter.)
